

## University Archive (Annex Archive)

### **Ordering Items from this List:**

To view documents from list please quote the collection name in the 'Archive Group or Collection Title' as 'University Archive (Annex Archive).

The second column refers to the file or volume number in a box. When requesting an item readers should quote the box number and file number in the 'Reference Number' section.

ie. 'Archive Group or Collection Title': University Archive (Annex Archive)  
'Reference Number': Box 35/2.

Some boxes do not have file numbers. This is either because the box contains a bundle of papers or a set of volumes. When there is no file number readers should quote the box number and be as precise as possible in giving a description for the item they want

eg. 'Reference Number': Boxes 2-5/ Matriculation & School Examinations Council: minutes, 1945.

Some items are closed due to the Data Protection Act (DPA). This is made clear in the 'Access Restrictions' column. If this is empty then the item is open to researchers.
